To keep up with the expanding field of pediatric dentistry, it is essential to have a list of recommended reading materials for dental professionals. This list serves as a basic reference for dental professionals in pediatric care. The list may include questions or articles not included in the list, which may have significant knowledge implications for a pediatric dentist.

הרשימה מורכבת משלושה חלקים:

1. מאמרים שפורסמו ב-3 реализациות האורנוהט ובין לבין המאמרים:

Pediatric Dentistry
International Journal of Paediatric Dentistry
Journal of Clinical Pediatric Dentistry
Dental Traumatology

http://www.ida.org.il/?categoryId=96282 - ניירון פעמים של המועצה המדעית
http://www.dentaltraumaguide.org - 'the Dental Trauma Guide'

לצורר המבחן יש להכיר את כל המאמרים שפורסמו ברוחב השנה והאורים שונים שלפני מועד המבחן למעט המאמרים שפורסמו ב-6 החודשים הסמוכים שלפני המבחן. יוצאים מכלל זה המאמר מופתא נגידי להנחות למקה

אантיביוטיקה פרובה' الاثר

http://www.dentaltraumaguide.org - 'the Dental Trauma Guide'

Chapter 1 - Examination of the Mouth and Other Relevant Structures. Pages 1-16.
Chapter 2 - Radiographic Techniques. Pages 17-38.
Chapter 4 - Development and Morphology of the Primary Teeth. Pages 80-86.
Chapter 6 - Child Abuse and Neglect. Pages 110-119.
Chapter 7 - Mechanical and Chemotherapeutic Home Oral Hygiene. Pages 120-137.
Chapter 9 - Dental Caries in the Child and Adolescent. Pages 155-176.
Chapter 10 - Pit and Fissure Sealants and Preventive Resin Restorations. Pages 177-184.
Chapter 11 - Restorative Dentistry. Pages 185-205.
Chapter 12 - Dental Materials. Pages 206-220.
Chapter 17 - Pharmacologic Management of Patient Behavior. Pages 303-327.
Chapter 18 - Hospital Dental Services for Children and the Use of General Anesthesia. Pages 328-348.
Chapter 20 - Growth of the Face and Dental Arches. Pages 375-389.
Chapter 21 - Cephalometrics and Facial Esthetics: The Key to Complete Treatment Planning. Pages 390-414.
Chapter 24 - Prosthodontic Treatment of the Adolescent Patient. Pages 498-512.
Chapter 28 - The Child in Contexts of Family, Community, and Society. Pages 645-652.

Chapter 8 - Classification, Epidemiology and Etiology
Chapter 9 - Examination and Diagnosis of Dental Injuries
Chapter 10 - Crown Fractures
Chapter 11 - Crown-Root Fractures
Chapter 12 - Root Fracture
Chapter 13 - Luxation Injuries of Permanent Teeth: General Findings
Chapter 14 - Concussion and Subluxation
Chapter 15 - Extrusive Luxation and Lateral Luxation
Chapter 16 - Intrusive Luxation
Chapter 17 - Avulsions
Chapter 18 - Injuries to the Supporting Bone
Chapter 19 - Injuries to the Primary Dentition
Chapter 20 - Injuries to Developing Teeth
Chapter 21 - Soft Tissue Injuries
Chapter 22 - Endodontic Management and the Use of Calcium Hydroxide in Traumatized Permanent Teeth
Chapter 24 - Orthodontic Management of the Traumatized Dentition
Chapter 25 - Restoration of Traumatized Teeth with Resin Composites
Chapter 30 - Prevention of Dental and Oral Injuries
Chapter 31 - Prognosis of Traumatic Dental Injuries
Chapter 32 - Splinting of Traumatized Teeth

Chapter 1 Introductory remarks
Chapter 2 Understanding Key Moments in Child Development
Chapter 3 Children's behavior in the dental office
Chapter 4 Influence of the Family
Chapter 5 Establishing a Dental Home
Chapter 6 Non-Pharmacologic Approaches in Behavior Management
Chapter 7 Children with Disabilities
Chapter 8 Local Anesthesia
Chapter 9 Introduction to Pharmacological Techniques: A Historical Perspective
Chapter 10 Sedation for the Pediatric Patient
Chapter 11 Nitrous Oxide/Oxygen Inhalation Sedation in Children
Chapter 12 Minimal and Moderate Sedation Agents
Chapter 14 The Use of General Anesthesia in Behavior Management
Chapter 15 Management of Emergencies Associated with Pediatric Dental Sedation
Chapter 16 Practical Considerations and the Dental Team

**Section 1: General aspects of fluorides:**

   Chapter 3:  Fluoride intake

**Section 2: Physiology and toxicology of fluorides:**

   Chapter 5:  Fluoride in teeth and bone
   Chapter 8:  The effect of fluoride on tooth mineralization
   Chapter 9:  Dose-response and dental fluorosis
   Chapter 10: Fluoride toxicology and health effects

**Section 4: Clinical use of fluorides**

   Chapter 15:  Water fluoridation
   Chapter 16:  Fluoride tablets, salt fluoridation and milk fluoridation
   Chapter 17:  Topical fluorides in caries prevention
   Chapter 18:  Fluorides toothpastes
   Chapter 19:  Rational use of fluorides in caries control

Chapter 2 - Infective Endocarditis Prophylaxis p. 20-36
Chapter 7 – Pulmonary disease (excluding COPD) p. 94-118
Chapter 10 - Liver disease p. 144-168
Chapter 12 – Chronic kidney disease and dialysis p. 186-199
Chapter 14 - Diabetes mellitus p. 219-239
Chapter 15 – Adrenal insufficiency p. 240-250
Chapter 16 - Thyroid disease p. 251-270
Chapter 18 - AIDS, HIV infection and related conditions p. 284-303
Chapter 19 - Allergy p. 304-319
Chapter 21 - Organ and bone marrow Transplantation p. 347-369
Chapter 22 - Disorders of red blood cells p. 371-383
Chapter 23 - Disorders of white blood cells p. 384-408
Chapter 24 - Acquired bleeding and hypercoagulable disorders p. 409-436
Chapter 25 - Congenital bleeding and hypercoagulable disorders p. 437-458
Chapter 26 - Cancer and oral care of the patient p. 459-492
Chapter 27 - Neurologic disorders p. 494-521
Section II – Spectrum of Pain and Anxiety Control
Chapter 2  Introduction to conscious sedation.
Chapter 3  The spectrum of pain and anxiety control.
Chapter 4  Physical and psychological evaluation.
Chapter 5  Monitoring During Sedation

Section III – Oral, Rectal, and Intramuscular Sedation
Chapter 7  Oral sedation.
Chapter 8  Rectal sedation.
Chapter 9  Sublingual, transdermal, and intranasal sedation.

Section IV – Inhalation Sedation
Chapter 13  Pharmacology, Anatomy, and Physiology
Chapter 14  Inhalation Sedation Equipment
Chapter 15  Inhalation Sedation: Techniques of Administration
Chapter 16  Inhalation Sedation: Complications
Chapter 17  Contemporary Issues Surrounding Nitrous oxide
Chapter 18  Practical considerations.

Section VII - Emergency Preparation and management
Chapter 32  Preparation for Emergencies
Chapter 33  Emergency Drugs and equipment
Chapter 34  management of Emergencies (Allergy, Airway obstruction, Laryngospasm, Hyperventilation, Seizures, Hypoglycemia, Syncope)

Section VIII – Special Considerations
Chapter 35  The pediatric patient.
1. **Caries**

2. Atraumatic restorative treatment - Minimal intervention - CPP- ACP

3. Community dentistry

4. **Fluorides**

   1. ועדת הסכמה בנושא פלואורידים ברפואת שיניים 니יר עדומד 2010 של המועצה המדעית של ההסתדרות
   לרמואש שיניים וברית ממל 7 אוקטובר 2010

   2. Selwitz RH, Nowjack-Raymer RE, Kingman A, Driscoll WS: Dental caries and dental fluorosis among schoolchildren who were lifelong residents of communities having either low or optimal levels of fluoride in drinking water. J Public Health 1998 58:28-35.

5. **Sealants**

http://www.mirror.upsite.co.il/uploaded/files/1392_ec14a3424e85bfc8bae46ab762c31c30.pdf

6. **Dental Materials**

   Chapter:

   **Articles**

7. Radiology

8. Local Anesthesia

Chapter:

Part I: Drugs

1. Neurophysiology
2. Pharmacology of Local Anesthetics
3. Pharmacology of Vasoconstrictors
4. Clinical Action of Specific Agents

Articles

9. Child abuse and Neglect

10. חוק ואתיקה

1. תקנות רופאי השיניים (נוסח חדש) התשנ”ט-1979

2. חוק זכויות החולה" התשמ”ו – 1996

3. חוקת רופא שיניים (נשיאי תואר מומחה וביתוח) תשי”ז-1977
11. Pulp

CHAPTER 22 - PULP THERAPY FOR THE PRIMARY DENTITION Anna B. Fuks, Ari Kupietsky, Marcio Guelmann

CHAPTER 33 - PULP THERAPY FOR THE YOUNG PERMANENT DENTITION Anna B. Fuks, Ilana Heling, Eyal Nuni

Articles

12. **Behavior Guidance**

13. **Sedation & General Anesthesia**

14. **Periodontal disease in children**

15. **Pediatrics & Children with Special needs**

**General and medically compromised patient:**

**Mental retardation:**

**Down syndrome:**

**Autism:**

**Seizures disorder:**

**HIV:**

16. **Infection Control**

17. **Trauma to the Primary teeth**

18. **Trauma to the permanent teeth**

19. Orthodontics

20. **Oral pathology**

21. מחקר

22. Growth and Development, Developmental disturbances in the teeth
Chapters:

Section 1. Growth and Development

Chapter 1, General concept of growth and development., Page 3-34
Chapter 2, The craniofacial complex pages, 35-86
Chapter 3, The dentition pages, 87-134

Articles:

Molar incisor hypomineralization (MIH)

23. **Prevention and treatment of emergencies in pediatric dental clinic**

6. [http://pediatrics.aappublications.org/content/126/5/e1361.full.pdf+html](http://pediatrics.aappublications.org/content/126/5/e1361.full.pdf+html)

Preparing Dental Office Staff Members for Emergencies: Developing a Basic Action Plan. Daniel A. Haas, DDS, PhD ; The Journal of the American Dental Association 2010 141; 8S-13S
